- Consumer education through a monthly blog, social media and in store signposting.

### **Our community**

We have developed excellent relationships with our community stakeholders and actively look for opportunities to promote our vision and values. In particular, we strive to inspire the next generation of urban gardeners.

We have a large number of community partners including gardening clubs, schools and places of worship. If you would like to discuss becoming one of our partners, please email [info@n1gc.co.uk](mailto:info@n1gc.co.uk). We will need some sort of identification to add you to our partnership list, for example, a letter written on headed paper.
